An Interbuild Group Project

When God created the world, He created a garden full of trees with flowers and fruits known to us as 'The Garden of Eden'

The inception of humankind was marked when He created the first man named 'Adam' and the first woman named 'Eve'

Both, Adam and Eve, were in awe with the almighty's creation!  
They explored the garden, relished on the fruits and began to adapt.  
Soon, they realised they needed a shelter to protect them from the rain, sun and the storm.  
They needed a 'Home'!

They made use of all the available resources -  
The trees, soil and water and managed to make something out of nothing and  
that lead to the creation of the world's first home, which we now know as  
EDENIA

A home which marks the beginning  
of all the wonderful stories and moments  
your family will cherish forever.
